Meet American Idol’s
William Hung at June 26 Toastmasters open house

In early 2004, William James Hung (born Jan. 13, 1983), also known as Hung Hing Cheong, rocketed to fame as a result of his unique audition performance of Ricky Martin’s hit song “She Bangs” on the third season of the television series American Idol.

At the time, Hung was a civil engineering student at UC Berkeley and, following his almost instant fame, left university to pursue a music career.

His debut CD “Inspiration” sold 200,000 units and reached No. 1 on Billboard’s Top Independent Album Chart.

Despite the almost constant negative critical reaction, Hung remained buoyantly positive, enjoying his celebrity.

After earning a BA in Math from CSU Northridge and an MBA from Marist College, he joined the Los Angeles County Sheriff’s Department as a technical crime analyst in 2011.

Chamber members and the public are invited to meet Mr. Hung at the Toastmasters Club of Temple City’s open house on June 26.

Temple City set to celebrate annual Relay for Life, June 24-25.

Purple ribbons appearing all over Temple City over the Memorial Day weekend are a special reminder that the American Cancer Society Relay For Life is coming to Temple City for the sixth consecutive year.

More than 300 dedicated volunteers will open the Sixth Annual Relay for Life of Temple City at the Temple City High School football field, June 24.

For the next 24 hours, participants will walk or run as they raise awareness of the fact that the fight against cancer is one that never ends. A project of the American Cancer Society, Relay For Life is the major fundraising event in the fight against cancer.

In its first five years, Relay For Life of Temple City has supported this cause and has successfully raised close to $250,000. Volunteers look forward to another successful fundraising year in 2017.

Each member of the Relay Planning Committee has a personal reason to participate, some as survivors, many having lost loved ones to cancer. But no matter the reason, every Relayer is dedicated to fighting cancer. While the cause is serious, Relayers are looking forward to enjoying some fun times, especially specialty laps, such as the Tutu Lap and the ever-popular Bra Lap.

There will also be entertainment and games throughout the weekend. The Relay will start with opening ceremonies at 12 noon, June 24, followed by the survivors and their caregivers leading the first lap.

That evening, the beautiful and emotional Luminaria Ceremony will take place at 9 p.m. During this ceremony and Luminaria Lap, the only light illumination will come from over 600 Luminaria bags encircling the high school track. Relay for Life ends June 25 with the Fight Back Ceremony at 11 a.m.

Relay for Life of Temple City invites local organizations, schools, churches, and families to form a team and join Relay 2017. For more information, email daniela.barragan@cancer.org or phone the event Co-Chair Mary Sneed at 626-446-5790.

Led by regular Temple City Life contributor (and humorist) Dr. Jack Von Bulow (DDS), Chamber member Temple City Dental Care provides smart, quality dental care and has been named Top Dentist by Pasadena magazine from 2011 through 2017 and was awarded the Best Restorative Case in North America at the 2015 Invisalign Summit. Temple City Dental Care offers complimentary consultation and same day opportunities (see ad Page 5).

But the best way to spotlight Jack and his team of “friends and family serving friends and family” is to hear in Jack’s own words a case history of one special patient: Christopher.

“One fine day a while back, Dr. Jack walked into Pasadena’s Aaron Brothers needing picture frames for family memories. Store manager Monica was friendly and helped me find the right frames, but also took an interest in the pictures (of my family and my trip to Mom’s Sicilian homeland.)

“One Monica found out I was a dentist, she shared a little about her son, Christopher. Seemed Christopher had had some fairly shaky dental experiences. Mom was concerned about his crowded teeth and thought we might be a fit.

“The Christopher we met on Day One was painfully quiet and refused to smile even on threat of house arrest. The young man’s teeth were headed this way and that. A previous consult had recommended four extractions. I’ve never been a fan of that approach.

“After consulting with a trusted mentor, Dr. David Galler, I offered clear aligner orthodontics with Invisalign.

“About three months into care, Dental Assistant Kolleen actually inspired a Christopher chuckle, the first such expression of its kind we’d witnessed since the kid had rolled into Temple City.

“After only one extraction and 10 months of care we had a result that not only generated straight teeth, but also a smile that lit up Christopher’s face.

“When my mentor Dr. Galler saw the photos you see, here’s what he wrote:

“Jack, is it weird that I get so much joy out of seeing that before and after? It’s not even my patient yet I awoke with such a smile on my face thinking about him.

“Imagine the girlfriends he will have, the job interviews he will ace, the smile in all his photos in life with his kids ... all because of the great Dr. Jack. Yes, we get paid for treating people, but seeing “before and after” photos like these are a drug of which I can’t get enough. - David"

Temple City Dental Care, 9929 Las Tunas Drive, Temple City, can be phoned at 626-285-3161 or visit www.templecitydental.com. From June 12-15, the practice is celebrating Invisalign Days where care can begin for as low as $500 (with interest-free financing available) while donating $100 to charity in the patient’s name.

Don’t use your retirement account as a piggy bank

When the market is high, our 401(k) savings account statements look a bit brighter. Some people, hopefully, will choose to increase their monthly contributions to keep up the momentum. Others could be tempted towards the opposite: to take out a loan against their 401(k).

The logic is somewhat sound: “Why borrow from a bank or credit card when I can lend to myself, and most likely at a reduced interest rate?” In practice, however, this strategy can be costly.

The funds borrowed lose out on the compound growth they could’ve earned. Even when repaid, removing money can create a permanent retirement account setback. This is referred to as the Lost Opportunity Cost and that, too, becomes compounded.

Because money is tight, many reduce or even cease their plan contributions during the loan’s duration. The newly diminished account balance now becomes stagnant. Any company matching program is also forfeit, further dwindling what would’ve been available during retirement.

Unlike plan contributions, which are made with pretaxed earned income, any 401(k) loan repayments are made with after-tax dollars. Someone in the 25% tax bracket would need to earn $125 to repay every $100 borrowed. That can be perceived as a startlingly high interest rate.

Finally, this same money is taxed again when withdrawn in retirement. Double taxation further magnifies the loss. 401(k) borrowers often cannot avoid these significant financial drains.

Retirement savings account weren’t constructed to be efficient lending tools. There are some situations in which a 401(k) loan isn’t the worst option, but it’s rarely the best course of action.

Local Agent Buys Homes for Cash

San Marino - Every month, thousands of homeowners are faced with the stressful dilemma of whether to buy first or sell first. You see, if you buy before selling, you could run the risk of owning two homes. Or, just as bad, if you sell first, you could end up homeless. It’s what insiders in the industry call the Real Estate Catch 22, and it’s an extremely anxious position to find yourself in. This financial and emotional tightrope is one you usually have to walk alone because most agents have no way of helping you with this predicament. But one local Realtor is using a unique Guaranteed Sale Program which solves this dilemma. This program guarantees the sale of your present home before you take possession of your new one. If your home doesn’t sell in 120 days, they will buy it from you themselves for the previously agreed price ensuring that you never get caught in the Real Estate Catch 22. Before you hire any professional, you should research the market to find out who can do the best job for you. When interviewing agents, find out what kind of guarantee they are willing to give you with respect to the selling of your home. Unfortunately, you’ll find that most agents simply cannot make such a guarantee.

To help you learn more about this program and how it can make your move less stressful, a FREE special report has been prepared entitled “How to Avoid Getting Stuck with Two Homes.” To order a FREE Special Report, call toll-free 1-888-300-4632 and enter 1022. You can call any time, 24 hours a day, 7 days a week. Get your free special report NOW to find out what kind of guarantee they are willing to give you with respect to the selling of your home.

Womans Club celebrates its own Wonder Wonder of Temple City

As the June 2 opening of the hotly anticipated blockbuster movie Wonder Woman approaches, members of the Womans Club of Temple City deserve recognition for their contributions to the community.

Ann Seitz, Annette Costantino and Kathy Mushinskie sewed for the TCUSD Performing Arts Department’s production of My Fair Lady at the San Gabriel Mission Playhouse. (Rachel LaSota and Helen Marston volunteered behind the scenes.)

Debi Mistretta and Carole Rodenbuchar received a Helping Hands Award from Friends of Foster Children for their participation in the Sugar Plum Project at Christmas. Ms. Mistretta chaired the Sorting Room and Ms. Rodenbuchar chaired Outside Groups.

Cynthia Sternquist was named Mayor of the City of Temple City at a Council Meeting, March 21.

Several projects will commence under the term of Mayor Sternquist, including the Temple City Library expansion, the opening of a new downtown public parking lot at Workman Avenue and Temple City Boulevard, and the development of two city-owned properties on Primrose Avenue. Keller Williams Realty gives back to community on RED Day

Emperor Elementary School was invaded by a small army of people in red shirts, May 11, as 25 busy and organized volunteers from Chamber member Keller Williams Realty Arcadia spent a day of service for RED Day.

Introduced in 2009, RED Day, which stands for Renew, Energize and Donate, is Keller Williams Realty’s annual day of service. Each year on the second Thursday of May, associates celebrate Mo Anderson’s birthday by spending the day away from their businesses serving worthy organizations and causes in their communities.

RED Day is just another example of their commitment to each other and to the cities and towns where they live and work.

At Emperor Elementary, the Keller Williams Realty’s red shirt brigade planted four trees on the rear campus and filled two flower beds with 80 plants and flowers. Associates built three wheel carts for campus use and power washed the circular drive way area. Moving indoors, they labeled and prepared robotic kits for the whole school and packed and moved the whole ELP (Extension Learning Program) classroom across the campus.

Since the first RED Day in 2009, Keller Williams associates have given hundreds of thousands of hours of community service through activities ranging from food and blood drives to rebuilding homes and schools for community members in need. Their motto is “Give Where We Live” and they are already seeking projects for next year.

Any readers who have a suggestion for a similar project are encouraged to contact Keller Williams Realty (see Business Directory Page 15). Congratulations and thank you to Keller Williams Realty for giving back to the community. Special thanks to Chamber member Helen Chen Marston of Keller Williams Realty for her assistance with this article.

Blossom Walk offers a variety of floorplans with approximately 1,169 to 1,644 square feet, 2 to 3 bedrooms and attached two-car garages. Due to strong interest, many units have already been sold with prices hovering around the high $500,000s.

Juliette Marini has signed on to play softball for the Lindenwood University Lynx.

In addition to making her mark on the field, Marini plans to study biology at the school’s Belleville campus in Illinois.

The school’s athletics program is one of the largest in the NAIA (National Association of Intercollegiate Athletics).

The Lady Lynx softball team competes in the American Midwest Conference and was in fourth place entering the league championship tournament.

Gabi Sicat will continue her water polo career at Santa Clara University. Sicat made headlines as a junior when she was named 2016 Girls Water Polo Player of the Year by the Pasadena Star-News.

After graduation she will take her place on SCLU’s Broncos water polo team and compete in the Golden Coast Conference, a water polo only conference of the NCAA (D-NC). The Broncos finished fifth in last month’s GCC Championship.

**Summer nights with vintage cars at The Boat**

While Clearman’s Galley is best known for the Boat parked on Hubbington Drive at Rosemead Boulevard—which gives the popular restaurant its eponymous nickname—it was all about cars, May 18 as diners enjoyed viewing an awe-some assortment of amazing vehicles, some for sale, at the Summer Series Vintage Ride Cruise-In at The Boat.
